

10 Winning Kitchen Window Treatment Ideas

Whether you need more privacy, want light control or just want to enhance the look of your workspace, window treatments are a pretty and practical addition to your kitchen. Get inspired by these 10 stylish shades and valances.

Barely There

If you want to filter light and soften the look of your kitchen window – but don't want anything heavy or opaque, consider using a fabric with a loose weave, such as linen, for example. Here, designer **Annette English** complemented the otherwise pared-down look of the space with lightly textured material from Dan Marty Fabric.
